DIRECTIVE TO THE STATE OF UTAH *The Governor's Coronavirus Directive for Utah* "Stay Safe, Stay Home"

Updated April 17, 2020

I would like to thank all Utahns who continue to do their part to slow the spread of novel coronavirus disease 2019 (COVID-19). Utahns have increased their efforts since I originally issued this Directive on March 27, 2020, and these efforts continue to make a difference. It is important that we maintain these enhanced protective measures for our own safety and the safety of everyone around us.

I expect each Utah resident and business to follow these directives. These directives are necessary to keep Utah residents safe during the worldwide COVID-19 pandemic. These safety requirements will certainly result in disruptions to our lives, and that cannot be avoided. Those disruptions are a critical part of keeping ourselves safe.

Following these directives now will avoid significant hardship later.

These directives establish minimum statewide standards. In consultation with the State, local authorities may impose more stringent directives and orders to address the unique circumstances in different areas of Utah.

These directives are not to be confused with a shelter-in-place order.

The following directives are effective immediately and shall remain in place until 11:59 p.m. on May 1, 2020.
